

Determinantal point processes glossary

Fred Boehm

February 11, 2016

Determinantal point process

Point process

L-ensemble

kernel

partition function

elementary DPP

determinantal projection process

Palm distribution

Reduced Palm distribution

Translation-invariant point process

Gauss decomposition of a matrix

Markov semi-group

Homogeneous (discrete-time) Markov semi-group

Markov process

Poisson point process

Ground set

Matrix permanent

Matrix immanant
